

***Company of Fools***  
**Part of the Sun Valley Center for the Arts**  
**Sun Valley, Idaho**

**Job Title: Technical Director**

Company of Fools' Technical Director (TD) oversees and contributes to all technical and production areas of its mainstage season, readings, and other activities. As part of a 5-member full-time staff, this position is collaborative and wide-ranging, working closely with the Producing Artistic Director and others. Reporting directly to the Production Manager, the TD serves as master carpenter and electrician, facilities manager, and occasional scenic or lighting designer, if qualified. At times, the TD provides technical support for the Sun Valley Center for the Arts (The Center), the parent organization of Company of Fools (COF).

This is an ideal position for an early career professional who wishes to be integrally involved in the operations and future of a theatre company. Must have a passion for artistic excellence and for COF's vision as a professional theatre company deeply engaged and embedded in the community it serves. Minimum of three years' experience in technical theatre. Experience in VectorsWorks/CAD, welding, rigging, scene painting, etc., is a plus.

**Organizational Profile**

Located in South Central Idaho at the edge of the Sawtooth and Challis National Forests, Company of Fools (COF) is a professional theatre company whose work is shaped by a deep connection between the theatre and its community, a commitment to excellence in theatrical storytelling, and a passion for relevance in its offerings for audiences and artists. One of only three professional theatres in Idaho, COF was founded as an ensemble company in 1992 in response to an essay by Cecil Collins entitled "The Vision of the Fool" in which the fool embodies truth, joy, creativity and a childlike wonder at all that is magical and mysterious. COF operates under an SPT contract and is a member of Theatre Communications Group.

COF and The Center are dedicated to building a culturally diverse and equitable environment and strongly encourages applications from people of color and women.

To apply, please email resume, cover letter and three references to [COFSearch@sunvalleycenter.org](mailto:COFSearch@sunvalleycenter.org). Include "Technical Director" in the subject line.
